

## COURT ENDED AT LATE HOUR SATURDAY NITE

COMPLETE HEAVIEST DOCKET IN COUNTY'S HISTORY.

Damage Suits and Divorces Set Record in Term Just Ended; Grand Jury Indicts Nine.

Shortly before midnight Saturday, the winter term of District Court was brought to an end, after dispensing with the longest docket for a single term of court in the history of the county. However, Judge Henry S. Bishop announced that he would conduct a hearing on some unfinished matters on February 7.

Damage suits and divorce cases set a record in the county. Eleven divorces were granted during the court term. Seven damage suits, all of which occupied more than half of the term, were heard during the term just closed.

Four criminal cases were dismissed. Eight civil cases were also dismissed. Verdicts of not guilty were returned by juries in three of the criminal cases tried. Three for plaintiffs and one for defendants were returned in minor civil suits tried.

Hung juries were the results in each of the damage suits of Mrs. A. Dunnaway vs. I. W. Scott and W. O. Workman vs. W. C. Gunter. In each case the plaintiff sought \$10,000 damages. Verdicts were returned for the defendants in each of the cases of C. L. Neeley vs. Wallace R. Clark et al and W. R. Snapp vs. Leo Stocker. The suit of J. W. Millerman vs. Texas Utilities Company was continued until next term of court on a motion of the defendant. The suit of B. L. Forbes vs. Stone Fort Memorial National Bank of Nacogdoches, Texas was transferred to that place.

In the case of L. F. Montgomery vs. O. G. Hill, tried late Saturday and jury which heard the case is said to have misinterpreted the charge of the judge and it is expected that the case will be termed a mistrial.

A total of 9 indictments were (Continued on last page)

## Panhandle Remains In "White Spot" for Twenty-six Months

According to the February issue of the Nation's Business, official publication of the United States Chamber of Commerce, which reached here Tuesday, the Panhandle of Texas is in the "white spot" of American business for the twenty-sixth consecutive month.

The latest map reveals that the entire Panhandle is now white, the largest white spot in the country, in fact. It includes the Panhandle of Oklahoma as well as the Panhandle of Texas.

This time there are ten of the white areas in the country, all west of the Mississippi. The one around Amarillo is more than equal to the other nine combined.

Frank Greene, managing editor of Bradstreet's compiles the monthly map, and he has bare facts upon which to base his distribution of white spots.

The thing is done on a comprehensive basis, therefore the white spot doesn't mean the Panhandle's business is ideal—nothing of the kind. It does indicate, however, that conditions here are as good or better than at any other place throughout the length and breadth of this land.

## Church Column Is Feature of News

Beginning with this issue the News is publishing as a regular feature a column devoted entirely to church services and church society announcements.

We believe that this column will be of real benefit to our readers as it will keep them informed from week to week of the special services and meetings of the various religious denominations.

The information desired for this section will include brief announcements or programs concerning prayer services, missionary meetings, young peoples meetings and Sunday services.

The News asks that the ministers and heads of the various departments co-operate with us and that the notices be in our hands by 6 o'clock Tuesday afternoon as otherwise they will be too late for publication in the current issue.

## Jameson Feeds Two Hungry Boys Sunday Who Steal \$4.50 Cash

Milton Stubb and George Noonan, both about 20 years of age and who gave their address as a point in New Jersey, pled guilty to a vag charge filed against them in Justice B. A. Witherspoon's court Monday and were fined \$1.00 and costs. The two were later carried to Amarillo where they were placed in the Potter County jail to serve out the fine and costs.

The boys were arrested late Sunday afternoon in Amarillo where they had been trailed by John Fry and Rev. C. E. Jameson. Rev. Jameson stated that he had offered to give the boys a meal about 2:30 o'clock Sunday afternoon after they had called at his house asking for something to eat. While the two were eating the meal, all members of the Jameson family had stepped from the room and while they were gone the boys stole a small coin purse containing about \$4.50. The loss was not discovered until after the boys had left the Jameson home.

Calling Sheriff Fry immediately, a description of the two was given and it was learned that they had caught a ride to Amarillo when some trucks had stopped at a local filling station. There the two were caught. No charges of theft of the purse, which together with three dollars of the money was recovered.

## Dairymen Meet at Courthouse Next Tuesday Evening

The regular monthly meeting of the Randall County Dairymen's Association will be held in the district court room at the court house Tuesday night of next week. It is expected that the association will take up the discussion of the annual banquet, the date of which has been set for March 20.

Association officers report that there are more paid up members in the association at the present time than there were at this time in 1930.

## Hicks Gives Final Notice to Owners to Pay Dog Taxes

Chief of Police Frank Hicks issued a final warning to all dog owners in Canyon who have not paid taxes on their dogs. This week is the last week to pay the taxes on dogs. All stray dogs will be picked up after the first of the month and placed in the dog pound, Hicks declares. An additional \$1.00 will be added to the tax for getting the dog out of the pound.

## Eagles to Play Last Home Game Here on February 6th

A double header is in prospect for the basketball fans of Canyon High School when both the boys and girls teams play their final game of the present season on the home court when they meet the Hereford Whitefaces here on February 6.

The Eagles teams have not fared so well as in the past, but are developing into a promising team for next season. They journey to Plainview tomorrow where they will play the Plainview High School Bulldogs.

Only one man will be lost from the first string of the Eagles this year, Coach Brady states. With the rest of the squad returning next year, the Eagles promise to go far in the District No. 1 race.

## PIG CLUB MOVEMENT ALREADY UNDER WAY

The Pig Club movement to be sponsored by the Chamber of Commerce and directed by the county agent is beginning to get under way. Already seven or eight boys have enrolled in the project and others are planning to enroll soon.

It is expected that a prize will be offered to the largest litter raised by any club boy in his pig project. A similar offer is made each year at the Tri-State Fair in Amarillo.

## STORK SPECIAL

Born to Mr. and Mrs. H. E. Campfield of Spearman, a boy, Thursday, January 29th. Mrs. Campfield will be remembered as Miss Ethel Cawhorn, a former W. T. student.

Mr. and Mrs. H. W. Burrus, a 9 pound boy, Friday, January 23. He has been christened Dennis Wells.

Help Keep Canyon Clean!

## SET QUOTA OF COUNTY AT \$100 RED CROSS CALL

NATIONAL CALL SEEKS TEN MILLIONS FOR AID.

Funds Sought for Relief of Suffering People in Stricken Areas Needed Immediately.

The quota of Randall County in the national drive to raise \$10,000,000 in funds for the relief of the suffering and destitute of the nation to be used by the Red Cross, has been set at \$100, according to Dr. D. M. Stewart, county chairman of the Red Cross.

This is a special call, Dr. Stewart states and has no relation to the regular annual membership drive. The funds are being raised to aid the unemployed, suffering citizens of the nation now in destitute circumstances, especially many parts of drouth stricken areas of the country.

The nation-wide call has met with much response from those who have money to contribute. President Hoover, Al Smith, former President Calvin Coolidge, Will Rogers and many other prominent people of America were heard in a nation-wide hook-up on the radio last week in an appeal for the funds for the Red Cross which is carrying on the work.

Dr. Stewart states that he has received several dollars toward the quota of the county and that money may be sent direct to him or may be deposited at either of the two banks for this special call of the Red Cross.

## Texas-Pacific Man Looks Over Line Route in County

Elmer Smith, civil engineer for the Texas and Pacific Northern Railway stationed at Big Spring, was in Canyon Thursday of last week looking over the route of the proposed railroad from Dimmitt to Amarillo through Randall county. Mr. Smith stated that he was making a survey of the proposed route of the railway line, securing complete data of the ownership of the land along the route.

Mr. Smith also stated that should everything work out as it should and the work of the Interstate Commerce Commission be speeded up, that it will be some time this summer before a permit will be granted or refused the new line. In the event that the new line is granted, work will begin on actual construction sometime in the early fall, he declared.

Miss Lorena Frieze visited with friends in Plainview over the week end.

## New Minister

REV. L. R. HUDSON

Rev. Hudson is the new minister at the First Christian Church who was recently called as pastor of the church. Rev. Hudson comes to Canyon from Jacksboro, Texas, where he has been pastor for some time. He formerly studied at Drake University and received his A. B. degree from Texas Christian University. The new pastor here is married and has three sons. The family lives at 1105 Seventh Avenue.

## Hundreds See Art Exhibit at College No Admission Fee

Hundreds of people have seen the Southern States Art League exhibit during the past week. Almost every day one or more parties from out of town have come especially to view the pictures by Southern artists. Parties have from Amarillo, Clarendon and other towns, and the teachers of Randall County schools are being shown the pictures by their teachers.

Miss Robinson stated Wednesday that a special invitation would be extended to the children of the Canyon public schools, to come to see the pictures at least once and more times if possible. There being no admission charge it is possible for everyone to go to the exhibit several times, thus becoming familiar with the pictures and able to study and evaluate them, Miss Robinson pointed out.

The forty-one pictures which make up the exhibit will be on display until February 1, instead of February 4, as previously announced.

Mr. and Mrs. Roy Carver and children of Amarillo visited in the parental J. C. Carver home here Sunday.

O. C. Holt of Spearman visited with friends here Thursday.

## BUFFS LEAVE ON LAST ROAD TRIP TO PLAY BILLIES

PLAY TWO GAMES WITH HILL BILLIES AT BROWNWOOD.

Herd Will Play Four of Eight Conference Games on this Trip; Play A. C. C. Also.

Coach Sam Burton and ten members of his fast stepping Buffalo basketball team departed for Brownwood about 6:30 o'clock Wednesday afternoon, where they will engage the Daniel Baker Hill Billies in the first conference game of the current season.

The Buffaloes journeyed as far as Lubbock last night and resumed their travel today. They expect to arrive in Brownwood late this afternoon and ready for the first of a two game series beginning Friday night.

This is the last road trip of the season and the Buffs will play four of their eight conference games before they return home. They will play Abilene Christian College a pair of games on Monday and Tuesday nights.

Following the road trip McMurray will be here next Friday and Saturday nights when the Herd will play their fifth and sixth conference games.

In pre-conference games, the Buffs have shown a lot of stuff and each game has found them in just a little better condition and playing just a little smoother basketball. If they continue to gain momentum throughout this trip, they will have to be considered in the running.

## Texas Utilities to Hold Free School for Housewives

The Texas Utilities Company through their Home Service department announce that Mrs. D. J. Jordan will be at the Canyon office on Tuesday, Wednesday and Thursday of next week to give a series of free lessons on home problems. These lessons will include the care of electrical appliances, the repairing of appliances and lamp cords, lamp shade making, special lessons in cooking, lessons in laundry and ironing and many other subjects that will be of value to the ladies of Canyon.

All housewives of the city are invited to attend these free lessons and the talks by Mrs. Jordan, the company states.

## NEWCOMERS

New comers to Canyon are Mr. and Mrs. E. B. Whitley who have recently moved here from Clovis and who will live at 1904 First Avenue.

## Distribution of Pure Seed to Farmers in County is Popular

Distribution of purebred seed to farmers in the county at actual cost by the Canyon Chamber of Commerce for the third consecutive year is proving to be one of the most popular movements of the local group.

The farmers are availing themselves of the opportunity to purchase this seed at a low cost, yet obtain the highest quality of seed that can be purchased. By making a large purchase of the seed the Chamber of Commerce has been able to obtain a low price on the seed and pass the seed to the farmers at that low figure. Seed purchased this year has cost \$700.

With the present prevailing conditions the Chamber of Commerce officials believe they are doing a worthwhile service to the individual farmers and the whole county.

The purchase and distribution of the seed is under the supervision of County Agent Upchurch. He states that approximately \$100 worth of the seed has already been reserved by farmers in this county. The seed is not expected to arrive here until sometime after the first of February. Upchurch believes that he will sell out the entire shipment before planting time in the spring.

## Canyon Supply Co. Elects Officers at Annual Meet

Directors and officers for the Canyon Supply Company were elected at the annual stockholders meeting of the company held Thursday afternoon, January 20.

Directors of the firm are: E. D. Harrell, J. M. Black, J. W. Reid, J. D. Gamble and O. N. Gamble. All officers were re-elected. They are: J. M. Black, president; J. W. Reid, vice-president; Mrs. W. T. Moreland, secretary-treasurer; and O. N. Gamble, manager.

## Shotwell to Coach at Breckenridge Again Next Year

P. E. Shotwell a former Buffalo football man and for the past several years coach of the Breckenridge High School grid teams signed a contract Saturday for another year at that place. Rumors had been circulated among sport circles that Shotwell would coach at some other Texas high school next fall.

The Shotwell coached team lost to the Amarillo Sandies in the bi-district game in the fall. The Breckenridge team won state championship a few years ago.

## West Texas Gas to Pay Meter Deposit Interest February 1

Earl Robbins, manager of the West Texas Gas Company states that that company is paying the interest due on meter deposits of its customers due up to January 1.

This interest due will be deducted from the regular monthly gas bill due February 1, Mr. Robbins announces. This he says will amount to several hundred dollars in Canyon.

## NO LATE DEVELOPMENTS ON BANK ROBBERY CASE

No new developments have been made by officers in working on the hold-up of the First National Bank on the morning of Saturday, January 10. Texas Rangers who were brought here to investigate the case and aid in running down clues to the robbery have not been in Canyon for several days and it is believed that they are no longer working on the case.

It is rumored that A. D. Cooper, detective of the American Bankers Association, left Canyon Monday night with two arrest warrants. His destination is unknown but it is thought that he left for another state.

Rumors were circulated this week to the effect that a part of the money had been found but bank officials failed to identify it as positively to have been in the bank at the time of the robbery although the money was there a few days prior to the robbery.

## DR. J. A. HILL IN AUSTIN

President J. A. Hill has been in Austin since Sunday attending a meeting of the presidents of the teachers colleges and a meeting of the Board of Regents of Teachers Colleges. Dr. Hill left Saturday night and is expected to return tonight.

## CUT KEY RATE ON INSURANCE IN CITY 5 CENTS

NEW RATE IS ANNOUNCED BY STATE DEPARTMENT.

Improved Waterworks System is Means of Reduction; Will Be Great Savings.

Effective January 26, the new fire insurance key-rate has been set at 37 cents according to information received by local fire insurance underwriters, from the State Fire Insurance Commission at Austin.

The key-rate has been cut from 42 cents to 37 cents on the hundred dollars insurance. Coverage charges were cut six cents while the good fire record was maintained, which is a 10 1-2 per cent credit, thus the total reduction from 42 to 37 cents.

In commenting on the reduction the report from Austin, stated: "Policies effective prior to the effective date hereof are not effective by rates shown in this edition unless there should be changes in hazards of individual risks on or after effective date, or unless there was a change in hazard of individual risk which occurred prior thereto and was not taken into account when the policy was taken out."

Two charge items under the heading of waterworks were eliminated in the latest report. An item charge of 3 cents listed as one pump deficient 50 per cent capacity, and another, of 2 cents listed as "pumping equipment not properly maintained" were not on the new charge list. One cent was deducted from the overhead tank charge because of additional pumping equipment added during the past year.

This reduction in the key-rate for the future brings about a reduction in other ways. What are termed as exposure charges are automatically reduced 5 per cent.

The reduction in key rate will mean a saving of several hundreds of dollars in insurance premiums in a year's time.

## Rotary Men Hear Jameson Discuss Present Problems

Rev. Charlie Jameson, pastor of the First Methodist Church addressed the Rotary Club at the weekly luncheon Tuesday on the subject, "Facing Life's Problems."

Just prior to his scheduled talk, Rev. Jameson who was introduced to the Club as "Chicken Eating" Jameson, was elected to honorary membership in the club to aid Wes Kunze in his sky-piloting duties.

Rev. Jameson discussed the problems facing this nation at the present time. The speaker declared that the present situation does not present a pleasing view but that it must be faced. He said that all people have a right to be born equal but that they are not. He talked of the two classes of people who are in unfortunate circumstances; those who would better themselves if circumstances could be changed or an opportunity to do so was presented to them and those who are in destitute circumstances and hold the view that the world owes them a living and should bring it to their door.

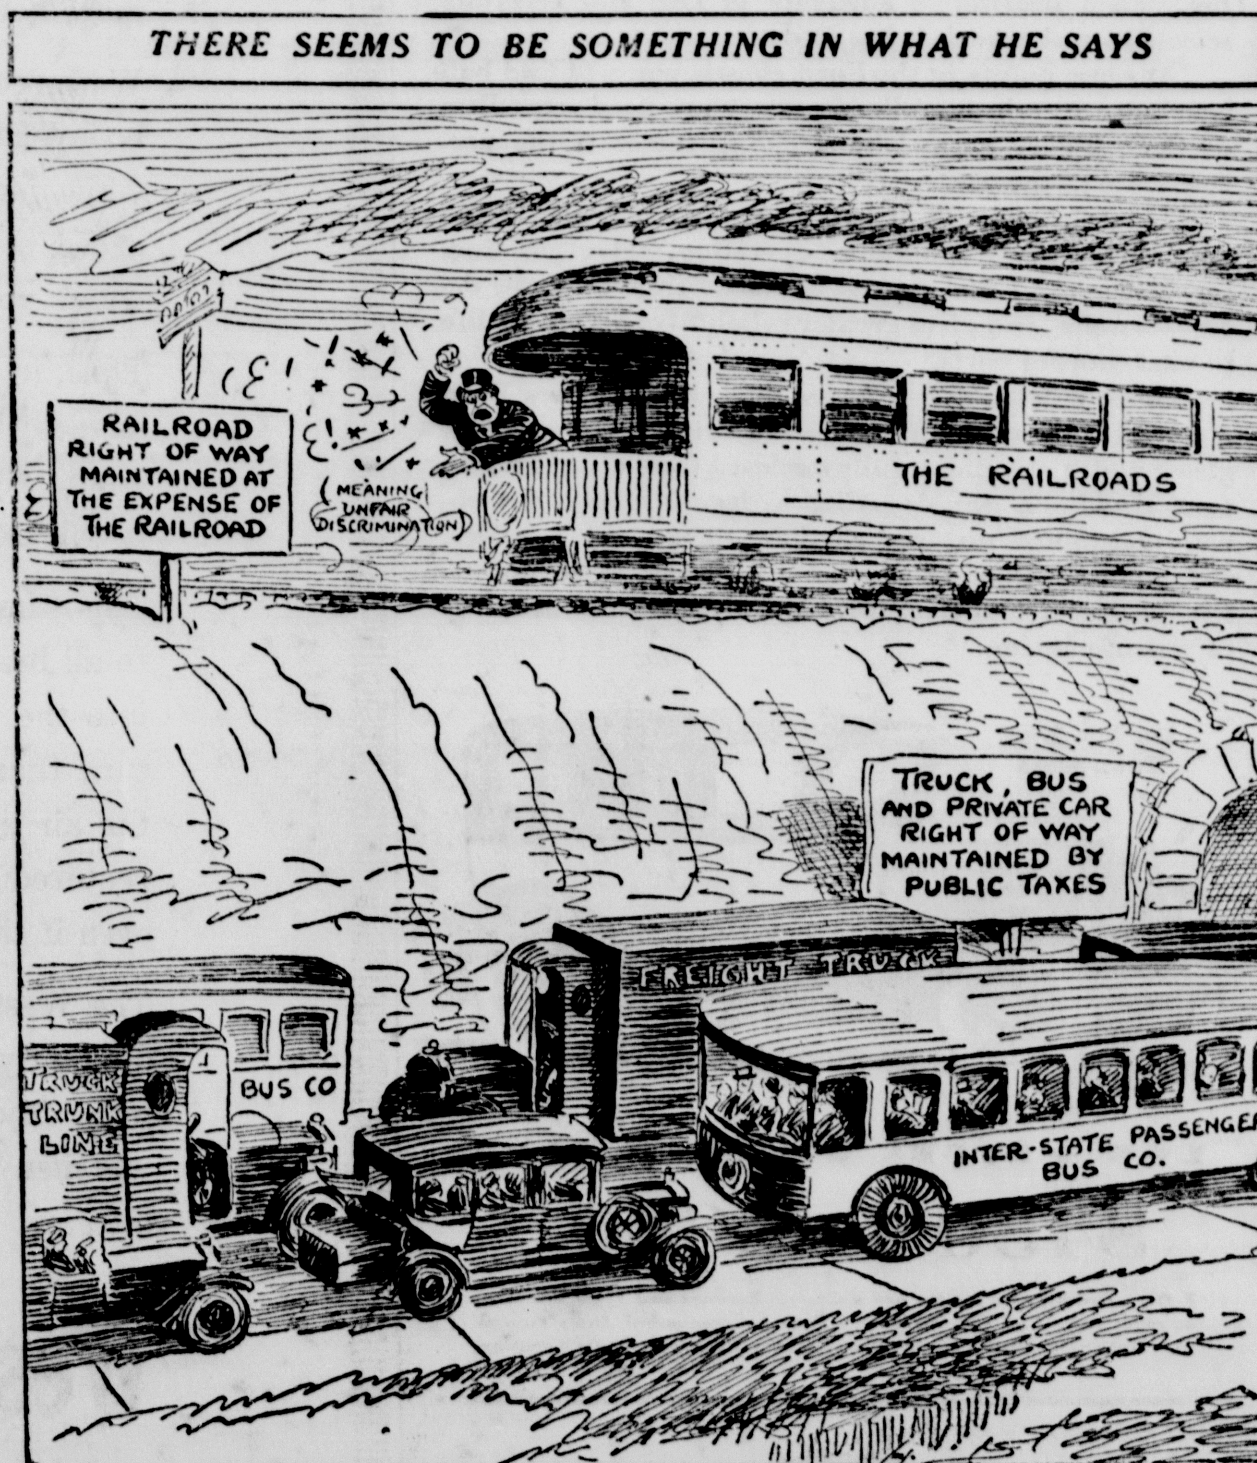

He mentioned the fact that undesirable criticism had been directed toward the community chest workers in Canyon through an anonymous letter read over a radio station in Amarillo. This came about because someone had become dissatisfied with the necessities furnished them on the limited funds at the disposal of the chest workers.

The speaker touched on the crime wave which is growing with the destitute conditions of some. He said that he did not believe that a hungry man should be sent away in hunger when it was possible to feed him, but that when this man had been given courtesy and proved to be a rascal that he should be punished to the extent of the law.

Earl Robbins was elected secretary of the club to succeed Flanagan Smith who resigned from the club last week.

W. A. Warren, Oscar Gano, Fred Wortham of Canyon and O. W. Wright of Amarillo were introduced to the club as celebrating birthday anniversaries this week. A committee was appointed to take Oscar to a cleaning at golf when the time for his birthday rolled around. The others were celebrating birthdays Tuesday.

The following visitors were present: George Herrington, Flagstaff, Ariz.; Ed Enoch, Carl Makeig, Chas. Rogers, O. W. Wright, and Fred Brien, Amarillo.

**THE LEGISLATURE IN ACTION**  
(By Clyde W. Warwick, Representative 123rd District)

The regular session of the Forty-Second Legislature is well under way and the usual grist of bills has been thrown into the hopper. A regular session of the Legislature usually sees from a thousand to twelve hundred bills introduced, some bad; some good; and some entirely indifferent. With one hundred and eighty one Senators and Representatives from a large state like Texas, there is bound to be all kinds of bills upon all kinds of subjects introduced by all kinds of people. Governor Sterling is a decided favorite of the Legislature. He assumed office under the most favorable conditions. To look at him inspires confidence. To be sure he is a multi-millionaire but he is too fresh from the toil and pain and suffering of the poor boy struggling under adverse conditions to have assumed in the least proportion a role of a pampered, spoiled capitalist. He comes from the rank and stands for the man of the rank. He has the mind of a big business executive but a heart that responds in accord with the problems and difficulties of those who have not been so fortunate in the accumulation of worldly goods.

Mrs. Sterling is the incarnation of a good motherly soul who has not been spoiled by wealth. She has a kindly smile and a pleasant word for all with whom she comes in contact. She is old fashioned in dress and appearance but those who meet her know that she is a woman of wonderful character, who wants to help her fellow citizens. Rumor had it that Gov. Sterling would ask only one term in office. The night before the inauguration, when the ladies of the Senate entertained the retiring Governor and his wife, and the incoming Governor and his wife, Mrs. Sterling responded graciously to a toast and talked of her prospective four years in the mansion. When attention was called to this fact she smilingly said "Well, I guess I really have announced that we stand for re-election." Governor Sterling made it clear his first day in office that he would likely seek to be Chief Executive for two terms. This puts to rest the rumor that new candidates will appear on the horizon during the coming year.

And, speaking of new candidates for Governor, dame rumor connects the name of two prominent Texans with the gubernatorial campaign. It was mentioned during the last campaign that Sen. Walter Woodward of Coleman had his eye upon the executive office. Now comes the rumor that Col. Ernest O. Thompson, Mayor of Amarillo, is looking longingly at the big dome in Austin and it must not be forgotten that Sen. Clint Small was the runner-up in the primaries of last summer and today is one of the most prominent political leaders in the state. Sen. Small has not announced his political aspiration, but it will not be at all surprising to see him a candidate

four years hence. Thus three prominent West Texans are prospective candidates for chief executive.

Austin was over run during the inaugural ceremonies. Every hotel room was taken weeks prior to the inauguration and hundreds of people who motored here for the day were forced to leave during the night for adjacent towns. Many who came for the inaugural ball just spent the night dancing at the big gym as they had no other place to go. The ball continued until six o'clock the next morning. Senator Archie Parr from the Valley, who is the oldest man in the Legislative experience and continuous service, made a wise crack which is going the rounds in Austin. Sen. Parr is democratic in every respect. He has not time for pomp and glory and outward appearance. After being pushed, crowded and jammed by ten thousand people or more, who assembled in the gym, Sen. Parr looked around, up, down and over and said, "Gosh, I didn't come out here, my wife and daughter brought me. Just look at the thousands of dollars spent by this gang doling up and decorating just to go up and shake hands with those birds on the stage. Tomorrow I can go in and shake hands with them for nothing. Next year they will be around trying to shake hands with you." Sen. Parr is a wit.

The first public statement of Gov. Sterling indicated his sympathy with all departments of Government and a willingness to co-operate. He realizes he can not drive the Legislature but he may lead. Other department heads are and may be entirely independent of the chief executive but he wishes to correlate the entire state government into an efficiently running machine.

The writer is highly pleased over committee appointments. He was made Chairman of Contingent Expense Committee which is said to be one of those with the most work and least honor of all the committees in the House.

The chairman has the responsibility of practically all the work. Expense bills amounting to upward of one hundred thousand dollars will be handled during the session. The chairman is called upon to make purchases of all kinds of supplies and to pass upon the advisability of all kinds of materials and accounts, not only for the entire house but for the individual members.

In addition, he is a member of the appropriations committee, which will pass upon the forty-six million dollar appropriations bill; a member of the committee of Banks and Bankings; the committee on Municipal and Private Corporations. This will be a busy one hundred and twenty day session for him.

Under the new constitutional amendment, bills introduced in the legislature are being given much more efficient consideration than bills in past sessions and it is expected that better legislation will result.

A pall of sadness swept over the newspaper fraternity of West Texas when L. Herbert Quinn, publisher of the Lubbock Avalanche-Journal, died from exposure in the sand hills of Yoakum county. The News along with other newspapers of this section, received the news of Quinn's untimely death with regret.

Ross Sterling became governor of Texas Tuesday, the first governor who has come from the city of Houston since Sam Houston himself held the office. Sterling is not a product of the colleges. He does not even possess a high

school education. But he is a typical and successful business man. We believe that he has a great fund of common sense. We believe he is honest and patriotic. We believe he will make Texas an excellent governor. Here is hoping that it may be so and that Texas will prosper greatly under his administration.—Lynn County News.

Senator Parrish, that Senatorial Midget, of Lubbock who tips the scales just slightly below the weight of a bale of cotton has introduced a bill seeking to abolish that marriage law of two years ago, as a nuisance. Just what good that law requiring three days' notice has accomplished for good we really do not know, but that it causes many from this county, to run across to Oklahoma to avoid the law is a well established fact.—Greenville Messenger.

Senator Morris Sheppard rings the bell every time he discusses prohibition. The fact is that he simply tells the truth in a clear and forceful manner, and his deliverances are unanswerable. He is a tower of strength for prohibition and a thorn in the flesh of those who would repeal the Eighteenth Amendment or nullify the Volstead Act. Morris Sheppard is an honor to Texas and to the nation.—Lynn County News.

**TIGHTENING UP IMMIGRATION**

There is a good deal of complaint from across the big waters and from relatives in our country because a lot of people who want to get into the United States find the bars are up against them. This is due to the fact that a good deal of the latitude is placed in the hands of the Federal authorities who in obedience to the demand of organized labor and some of the large employing industries do not look with favor upon admitting a lot of foreign laborers at a time when several million Americans are unemployed. These new applicants for citizenship will simply have to wait!

**News in Canyon 25 Years Ago**

(From the files of the Canyon City News, Fri., Jan. 26, 1906.)

Mrs. Hough of Hereford, came in last Friday to visit her son, Reese and family.

J. N. Donohoo and wife expect to move to Plainview this week. Jack Scott was in town Monday. He is working in Amarillo.

Geo. C. Long, returned Monday from his Missouri trip and has been sick since. Grippe, they say.

T. C. Simms of Fairville, Mo., is on his place west of town and will, he says, now make this country his home.

Rev. J. M. Purcell, Presbyterian minister, will conduct services at the C. P. Church Sunday.

B. F. Hodges and wife and Miss Lena Parker visited their parents, Mr. and Mrs. A. S. Parker at Tulia Saturday and Sunday.

**EX-SERVICE MEN, ATTENTION!**

Boys, we are going to have a meeting at the Legion home February 3, 1931, at 7:30 p. m., and we want every ex-service man in the county to be here.

We have something up our sleeves that is of interest to all men of the World War.

We have declared another war. Yes sir, and we need you now just the same as we did in the days of 1917 and 1918.

In this war, (as in the last one) we are launching an attack. Our mission is to capture the enemy and make him come across. We need your help in making this attack a success. Come on, boys, let's get together and lay down a barrage that means certain victory.

**The BEST Gray Hair Remedy is Home Made**

To half pint of water add one ounce bay rum, a small box of Barbo Compound, and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It will gradually darken streaked, faded or gray hair and make it soft and glossy. Barbo will not color the scalp, is not sticky or greasy and does not rub off.

**FORD SMOOTHNESS**

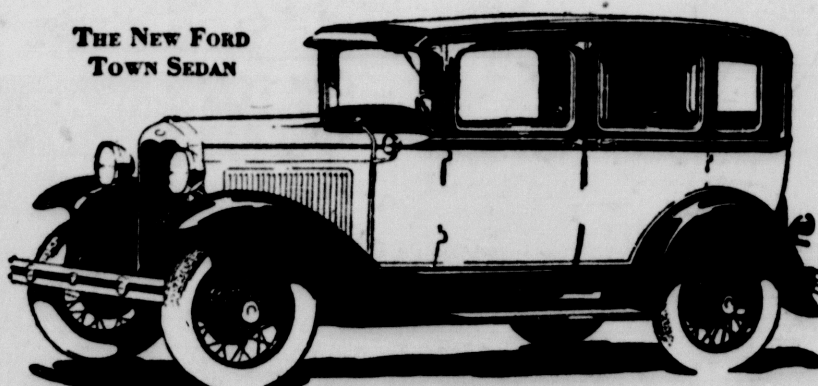

**The new Ford has more than twenty ball and roller bearings**

**EVIDENCE** of the high quality built into the new Ford is the extensive use of ball and roller bearings. There are more than twenty in all — an unusually large number. Each bearing is adequate in size and carefully selected for the work it has to do.

At some points in the Ford chassis you will find ball bearings. At others, roller bearings are used regardless of their higher cost. The deciding factor is the performance of the car.

The extensive use of ball and roller bearings in the new Ford insures smoother operation, saves gasoline, increases speed and power, gives quicker pick-up, decreases noise, and gives greater reliability and longer life to vital moving parts.

Other outstanding features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, three-quarter floating rear axle, Rustless Steel, the extensive use of fine steel forgings, and unusual accuracy in manufacturing.

**Why Winter Cooking Requires More Gas**

Consumers who use gas for both cooking and heating realize why their bills are higher in winter than summer. They know that it takes much more gas to keep them warm during severe months than in periods of mild weather.

In cases, however, where gas is used only for cooking, consumers sometime wonder why their bills are higher than in summer.

There are several reasons, one of which is that more hot food is eaten in winter than in summer.

Water coming from the faucet in summer frequently averages around 70 degrees in temperature, while in winter it may average as low as 45 degrees, or a temperature lower than that of the ice water you drink in summer.

Thus, in winter, the temperature of the water may have to be raised 167 degrees to reach the boiling point, while in summer it may be necessary to raise it only 142 degrees—or even less.

This same situation applies in more or less degree to all branches of cookery. The articles of food go into the oven or on the stove at a lower temperature than in summer, the utensils are colder and the air around the stove is colder—so more gas is required for cooking in winter than in summer even if the same menus are used.

The West Texas Gas Company organization works diligently throughout the year to the end that you may enjoy A REALLY GOOD GAS SERVICE, whether it be on the Fourth of July or during the bitterest wave of winter cold.

**West Texas Gas Co.**

## Society in Canyon

EMIL BREWER, Society Editor—Phone No. 41

### Social Affairs Continue to Grow As 1931 Spring Season Approaches

Evidently, social affairs in Canyon have lost none of their zest with the turn of the year, but, with the Spring season just around the corner, they are gaining momentum as the weeks pass. Notable among the hostesses of the past week is Mrs. T. H. Knighton who entertained at her home, 2101 Sixth Avenue, Friday afternoon, Monday afternoon and Monday evening.

#### Friday Club

The Friday Afternoon Bridge club was the inspiration for the first of these entertaining affairs. Seasonal decorations were used in the rooms where five tables were placed for the guests, and a delectable shrimp salad course was served at the conclusion of the play.

Seated for the games were: Mrs. W. C. Black, Mrs. Dan K. Usery, Mrs. Irby Carruth, Mrs. Oscar Gamble, Mrs. Guy Harp, Mrs. J. W. Kleinschmidt, Mrs. Dan Sanders, Mrs. Travis Shaw, Mrs. Earl Robbins, Mrs. Clarence Thompson, Mrs. L. Angel, Mrs. J. M. Lybrand, Mrs. Planigan Smith, Mrs. Lee Foster, Mrs. T. M. Moore, Mrs. Elizabeth Chandler, Mrs. Claude Reeds, Mrs. L. P. Shetty, Miss Irene Angel and Mrs. Millard Word of Amarillo.

#### Monday Afternoon

Bridge was selected as the diversion Monday afternoon and three tables were arranged for the play. The games proved to be both spirited and entertaining and were brought to a close at the tea hour with the serving of a delicious dessert course.

Those present included: Mrs. J. L. Dufort, Mrs. F. E. Savage, Mrs. Ray McReynolds, Mrs. Burt Newlin, Mrs. A. K. Goodman, Mrs. William Ash, Mrs. Ray Campbell,

Mrs. Harris Cook, Mrs. T. B. McCarter, Mrs. John S. Humphreys, Mrs. R. A. Terrill and Mrs. D. A. Shirley.

#### Monday Evening

Indeed entertaining was the affair Monday evening which was spent in playing bridge and in chatting. Three tables of guests were present.

A dessert course was served to the following at the refreshment hour: Mrs. Claude Moore, Mrs. Owen Williams, Mrs. Andy Walsh, Mrs. Dewey Foster, Mrs. Mitchell Jones, Mrs. Harry Wood, Mrs. G. A. Farlow, Mrs. Hud Prichard, Mrs. T. M. Moore, Mrs. C. A. Murray, and Mrs. Travis Shaw.

#### CROSS HEADS PROGRAM AT Y. W. C. A. MEETING.

Miss Ruth Cross, of the Physical Education Department, conducted the second lesson of the Charm School being held by the Y. W. She spoke to the girls on "Mental and Physical Charm," stressing correct posture, health habits and exercise. She pointed out the relation between the body and mind while working together to increase personal charm. Following her talk the girls enjoyed a round table discussion on the subject.

At the next class of the Charm School tomorrow afternoon at 4:30, Miss Helen White Moore will conduct a lesson on "Charm Through Clothes."

#### MRS. BECKET HOSTESS TO LOYAL DOZEN

Mrs. Noel Becket was hostess to the Loyal Dozen club at her home Friday afternoon. Needlework was the diversion for the afternoon. A delicious salad was served at the refreshment hour.

#### MUSIC CLUB ENTERTAINED MONDAY AT COUSINS HALL

Twenty-eight members of the Herford Music Study Club and a few Canyon friends were entertained Monday afternoon, Jan. 19 from 2:30 until 5:30 at Cousins Hall by Miss Mae Swisher.

The first part of the afternoon was used to present the regular yearbook program on Russian music. Two talks on Russian music with illustrations consisting of vocal and piano solos were given.

Mr. Robert Berryhill, of the college piano department, entertained with two delightful numbers, "Ballade in A Flat" and "Aeolian Harp Etude" both of which were by Chopin. His performance met with enthusiasm by the club. A contest was conducted on national folk-songs.

Miss Swisher assisted by Mrs. L. N. George, Miss Cleo Holmes, Miss Estelline Harris, and Miss Ellen Jameson served a delicious refreshment plate consisting of combination sandwiches, olives, Bavarian date cream, coffee, and mints.

HUGH WHITCOMB  
618 Polk Street Amarillo

#### MRS. ANDY WALSH TO HEAD JUNIOR WOMAN'S CLUB

Mrs. Andy Walsh was elected to the presidency of the Junior Woman's club at the regular bi-monthly meeting of that organization Monday afternoon at the court house.

Other officers elected were: Mrs. Carl Scott, vice president; Mrs. Harry Wood, secretary; Mrs. Lige Frieze, treasurer; Mrs. M. L. Sadoris, critic and parliamentarian; and Mrs. Levi Cole, reporter. These officers will take up their duties in May of this year.

Mrs. Sadoris had charge of the lesson Monday which was a continuation of the study of national highways. Those discussed were Highway No. 41 which leads from Fort Worth, Mich., by the way of Chicago to Naples, Florida, and Highway No. 51 leading from Ashland, Wis., by the way of Memphis, Tenn., to New Orleans.

Those present were: Mrs. Levi Cole, Mrs. Claude Moore, Mrs. Bill Black, Mrs. Lorenzo Wirt, Mrs. J. Madison Daugherty, Mrs. Mitchell Jones, Mrs. Carl Scott, Mrs. Lige Frieze, Mrs. Laurence Shuman, Mrs. M. L. Sadoris, Mrs. Tom Lair, and Mrs. Harry Wood.

#### DELIGHTFUL BRIDGE CLUB GIVEN AT RANDALL HALL

Mr. and Mrs. Dee Lowry were honor guests at a bridge party given Thursday night, Jan. 23, at Randall Hall. Winston Wafford received a novelty cigarette holder as the prize for high score, and Bill Dawes received a package of stick candy for low score. The honorees also received prizes, a large silk handkerchief for Mrs. Lowry and a cigarette holder for Mr. Lowry.

Refreshments consisting of chicken salad, coffee, hot chocolate, wafers and mints were served to Ruth Watson, Bertha Paltanhe, Frances Lester, Inez Allen, Maurine Denny, Mrs. Dee Lowry, Herman Troutman, Heck Ward, Winston Wafford, Emmitt Smith, Bill Dawes, and Dee Lowry.

#### DALMA FRY ENTERTAINS WITH UNIQUE BRIDGE PARTY

Dalma Fry entertained January 16, with a unique bridge party. Clever tallies, which were in keeping with "touring" bridge, were used. Mrs. Wallace O'Keefe and Gordon Thompson were presented with high score prizes.

A salad course was served to Mrs. Wallace O'Keefe, Mrs. Gordon Thompson, Misses Alice Dawes, Lillian Duncan, Ione Ball, and Dalma Fry, hostess; Messrs: Gordon Thompson, Wallace O'Keefe, Carl T. York, Roy Cheatum, Leon Landon, and Bill Dawes.

#### MRS. ROBINSON IS HONOR GUEST AT DINNER SUN.

Naming Mrs. Robinson, mother of Miss Isabel Robinson, as a guest of honor, Mrs. Laura Saunders, Miss Anna I. Hibbets, and Miss Ruth Cross entertained a group of friends with a dinner Sunday, Jan. 24, at their cabin.

Those present included Mrs. Robinson, Miss Isabel Robinson, Miss Virginia Robinson, Miss Irma Barlow, Mr. and Mrs. Travis Shaw, Mrs. Laura Saunders, Miss Anna I. Hibbets, and Miss Ruth Cross.

#### A. A. U. W. TO MEET MONDAY EVENING

The A. A. U. W. will meet Monday evening at 7:30 at the home of Mrs. L. A. Osgood with Mrs. Osgood and Miss Mattie Swayne as hostesses.

Valentine tallies at Warwick's

## Don't wait until it is too late!

—to correct  
a rundown  
condition

## A fact you should not overlook

More red-cells in the blood! Good health and resistance to infection and disease, depend on that! Loss of appetite, underweight, sluggishness, a weakened condition, nervousness, pimples and boils are symptoms, often seen, of a deficiency of red-cells in the blood. If a lowered red-cell count is allowed to continue, ANEMIA often results. S.S.S. should be your safeguard. A hundred years

of experience has proved its usefulness in building red-cells in the blood. Take it before meals. Millions of people have found it the easiest and surest way to restore their red-blood-cells. The appetite picks up, the whole body is invigorated. Get S.S.S.—take it and possess a wonderful power of new life and vitality. Ask for the large size. At all drug stores. S.S.S. Co.

You have got to tell 'em if you want to sell 'em! ADVERTISE!!

#### TO THE STOCKHOLDERS OF THE PECOS AND NORTHERN TEXAS RAILWAY COMPANY:

You are hereby notified that the Board of Directors have called a meeting of the stockholders to be held in the City of Amarillo, County of Potter, State of Texas, at the principal office of the Company on the 10th day of February 1931, between the hours of 10 o'clock A. M. and 4 o'clock P. M., to consider and act upon a proposition to authorize the execution by the Company of a mortgage or deed of trust to be called "general mortgage" or by such other name as may be determined, on all of its railroad properties now owned or hereafter acquired, to secure bonds to be hereafter issued in series, so much of such bonds as may be necessary to be used from time to time in paying or exchange for the bonds and other indebtedness of the Company, other than the acquisition, construction or extension of railroads, additions and betterments to such railroads and properties now or hereafter owned, and for other lawful corporate purposes, each series of bonds to be issued to mature at such time and provide for the payment of such lawful rate of interest, to be tax free or not tax free, to be convertible or not convertible into shares of capital stock as may be determined by the Board of Directors, and to contain such other terms and conditions as may be determined or prescribed by said Board, and such mortgage to contain such terms and conditions as may be prescribed or authorized by the stockholders at said meeting.

EMIL BREWER, Society Editor—Phone No. 41

### MRS. WARWICK GIVES TOAST TO MRS. MOODY

Mrs. Clyde W. Warwick of Canyon received a signal honor recently when she was appointed to give a toast to Mrs. Moody at the banquet given by the Senate ladies' club honoring the outgoing governor and wife, Mr. and Mrs. Dan Moody and the incoming governor and wife, Mr. and Mrs. Ross Sterling, on the evening of Monday, January 19th at Austin.

The toast Mrs. Warwick gave was an original composition and ran as follows:

"It is an honor, a privilege to be a Texas governor's wife.

An honor that comes to few women in life.

To Mildred Moody whom we honor tonight.

This privilege was given and we think it was right.

For four years you have been First Lady of Texas;

Four years we have loved you, First Lady of our State,

Loved you and the man whom you chose as your mate,

You two and the wee babe whom we took to our hearts,

We've loved as none others in all these parts.

For four years pomp, glory, honor and fame

Have always been linked with you and your name.

Four years you've been headlines for all of the papers;

Sometimes you were in, sometimes out of favor.

And now the time comes when this you are leaving.

We hope that for these you'll never be grieving.

For, while being First Lady has given you pleasure,

The love and the friendship you've won in full measure

Will follow you on and be always your treasure.

With your kind gracious manner you won these, my dear,

And that fact may you treasure the rest of your years."

### CHRISTIAN ENDEAVOR HAS UNIQUE PROGRAM

Christian Endeavor met Sunday at 6:30 in the Christian Church. The topic for discussion was, "What the Disciples of Christ Mean to the World." Those who participated in the program were: Alleen McCants, Rev. Hudson, Allan Angel, Everett Cornett, Pauline McCants, Dorothy Harris, and Freeman Curtis.

During the program they discussed such men as Thomas and Alexander Campbell, Barton W. Stone, Walter Scott, and Archibald McLean.

Every one was keenly interested to learn what these men had contributed to religion, and learn more about the foundation of the Christian Church.

The young people's organization is very proud of their pastor and his work with them. Plans are being made for various church programs through the coming year.

Choir practice Wednesday night; all that are interested are invited to attend.

### MRS. JOHNSON HOSTESS TO W. M. S. TUESDAY

The Woman's Missionary Society of the Baptist church met at the home of Mrs. G. W. Johnson Tuesday afternoon. The members of Circle 2 had charge of the program, the subject of which was "The Challenge of Unfinished Tasks."

Following a short business meeting delicious refreshments were served to 35 guests.

## WARM DAYS

This kind of weather makes a fellow glad he's living. But it also makes him wonder what is coming.

So take advantage of old man weather, today, while he is napping, and have all the overcoats and other heavy garments cleaned and pressed. You'll enjoy them more if you'll let us keep them clean for you.

## Churches

### EPISCOPAL CHURCH

Rev. and Mrs. E. E. Madeira and Mrs. Elizabeth Fry Page attended the Twenty-first Annual Convocation of the Episcopal Church in the Missionary District of North Texas, which was held in Emmanuel Parish, San Angelo, Texas, January 24th through the 27th, and gave reports of the Canyon work.

There will be service at the local church as usual, on Sunday evening, February first, at 7:30. There will be gospel singing, the service of Evening Prayer, and a short sermon by the rector, with the usual hour of Christian fellowship at the Little House of Fellowship afterwards. Everybody welcome, especially those who love to sing.

A friend of the church has recently given it a new chandelier, so that the edifice is now adequately lighted throughout.

Mrs. Page's Bible class will meet as usual on Monday, Feb. 2, at 7 o'clock p. m., at the Little House of Fellowship. Subject, "Jesus at the Home of Simon the Pharisee."

### CHURCH OF CHRIST

Great services last Lord's day. Four made the confession and were baptized in obedience to the Lord's command. Three others acknowledged their faults and two placed membership. Everyone is interested in the work and we press on. Services Sunday, Feb. 1, 1931. Bible Study, promptly at 9:45. Preaching, 11:00 a. m. "Serving the god of Pleasure." Communion, 11:45 and 8:30 p. m. Young People, 6:30 p. m. Preaching, 7:30 p. m. "Laughter of the Bible." Where you are a stranger but once. Come as you are. JOHN O'DOWD.

### ST. PAUL'S LUTHERAN CHURCH

Five miles east of Canyon. Sunday School at 2:30 p. m. Services, English, at 3:30 p. m. Bible class meets every Monday at 8 p. m. Visitors are always welcome. H. A. STROEBEL.

### FIRST CHRISTIAN CHURCH

Sunday, Feb. 1, the local Christian church will celebrate the fiftieth anniversary of the Christian Endeavor society with a special program beginning at 7:30 under the leadership of Winston Savage. The topic will be "The Vision of White-souled Youth" and the program will be as follows: Instrumental Call to Worship—"Rejoice Ye Pure in Heart." Scripture Call to Worship. Hymn—"Give of your Best to the Master."

Responsive Scripture Reading. Hymn—"I Would Be True." Reading—"Sir Galahad."

The Artist, George Frederick Watson, Wilma Harris. The Legend of the Holy Graal, Dorothy Harris.

Mrs. Caseltberry and children, Lillian and David radioed with Mrs. H. E. Knox Saturday night.

Several members of the Sunny Hill Singing Class accompanied Mr. and Mrs. J. R. Bonds to a singing at the Sunny School House Sunday night.

Mr. T. B. Roby of McLean spent Sunday night with his brother and family here. He returned to McLean Monday.

Mrs. John McCarley has been bedfast for several days with bronchial trouble. Some of her relatives are with her now. Some of the folk of the community have been helping out some by sitting up with the patient.

Mr. and Mrs. Pete McCarley and children have been suffering with colds.

Mrs. Clark Neff has been suffering from Bronchial pneumonia for several days. It has been reported that she is getting along nicely now. We hope that she may be able to return to her home within the next few days.

## Jowell News

A good crowd came out for the P. T. A. meeting Friday night and everyone enjoyed the talk given by Mr. Landrum, also the play, by Mr. and Mrs. Claude Fewell, Mrs. Arley Fewell, Evelyn Rowell and Clarence Leavitt.

Rev. Thompson from Wildorado delivered a good sermon at Jowell Sunday morning.

Miss Donnie Nelson and brother Temple, spent Sunday at the W. H. Lowe home.

Mr. and Mrs. Milton Dooley and children spent Sunday afternoon with Mr. and Mrs. Slack.

Mr. and Mrs. J. L. Iribeck and children were shopping in Amarillo.

Bill Sims and Leroy Leavitt left.

Tuesday morning for the Rio Grande Valley to visit J. P. Sims who has been quite ill.

Mr. and Mrs. Earl Davis spent Sunday with Mr. and Mrs. Claude Fewell.

Mr. and Mrs. R. E. Sims spent Sunday in Happy with relatives.

Mrs. Jack Johnson of Canyon visited a few days last week at the home of her sister, Mrs. J. L. Iribeck.

Mr. and Mrs. Jones have moved in on Bob Visage's place.

Most of the school children have had coughs and colds this week.

Clarence Leavitt and Homer Abney were in Amarillo on business Wednesday.

Alabama is the most fortunate State. Its Legislature holds a session only once in four years.

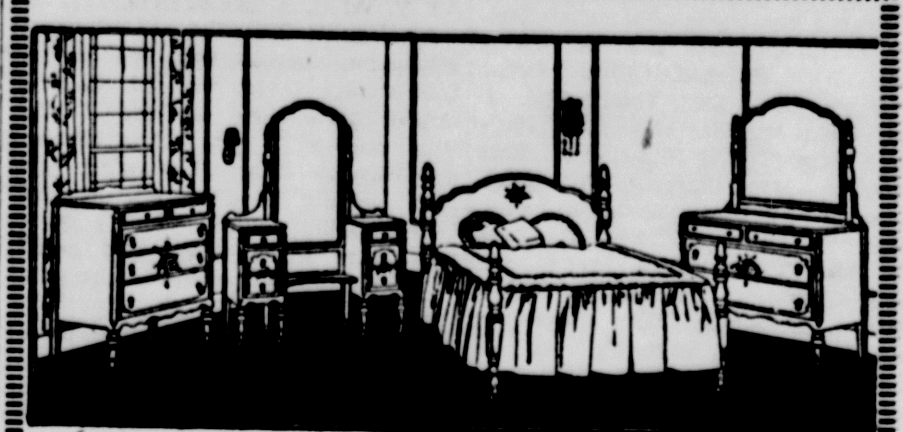

Senator Norris doubtless counts that day lost whose low descending sun has not seen him on the front page.

## Yearlings Trim Tech Frosh, Wayland on Trip This Week

The West Texas Yearlings returned Wednesday from a successful two-day road trip to the South Plains. The Yearling crew downed the Texas Tech Freshmen basketball team 39-21 Monday night, with Britt taking high point honors. Tuesday night Wayland College was snowed under by a 61-16 by the Yearlings when they ran wild at Wayland College Gym. Colvin carried away high point honors.

An 80-year-old Iowa farmer is reported to be cutting a tooth. His exclamation of surprise must have been, "Well, by gum!"

Students of animal psychology might get some helpful pointers by trying to lead a calf.

## FURNITURE FOR THE HOME

## Bill Asking for \$25,000 Museum Building Appropriation Will Be Introduced In Texas Legislature

Hope to Begin Construction of First Unit, to Cost \$50,000, Within Next Few Months; Bill Has Good Backing.

A bill asking \$25,000 to aid in the construction of the museum for the Panhandle-Plains Historical Society, on the campus of W. T. will be introduced before the Texas legislature now in session.

The appropriation will be sought contingent on the raising of a similar amount by people of the Panhandle. This total of \$50,000 would be used to construct the first unit of the proposed building. Plans for the completed building call for an expenditure of \$75,000.

State Representative Lee Satterwhite, of Odessa, former representative from the Amarillo district, will introduce the proposed bill at the invitation of the Society. His plea will be supported by Judge H. E. Hoover, of Canadian, pioneer lawyer of the Panhandle and chairman of the society's building committee, and T. D. Hobart, of Pampa, cattleman and president of the historical group, both of whom will go to Austin. State Representative C. W. Warwick from Canyon, and Senator Clint Small will also support the measure.

It is hoped by all those interested in the work of the museum, and especially by all those connected with the college, where the museum is located at the present time, that this bill will pass in time that the building may be begun within the next few months.

Relics of early days in the Panhandle, collected over a period of 10 years, are now crowded into one small room in the Administration Building here. The collection includes many articles that could not be replaced. Old branding irons, spurs, buffalo knives, weapons of Indian warfare, and other relics of the days when Texas plains were cattle ranges and a hunting ground for Indians, are prominent in the display.

Contributions to the collections have come from Old Fort Elliott, Buffalo Wallow, Adobe Walls, Old Tascosa, the Palo Duro Canyon, and famous ranches of the section, including the XIT, JA, IXL, Turkey Track, Frying Pan, Goodnight and Spur.

Judge Hoover has expressed the belief that the proposed museum would be one of the most frequently visited spots in Texas.

## Canyon City Club Directors Name Officers for 1931

At a recent meeting of the directors of the Canyon City Club who were elected at the annual meeting held January 12, officers for the club were elected.

Those elected were: S. H. Condon, president; T. V. Reeves, vice-president; and Oscar Gano, secretary-treasurer.

## GRAND JURY INDICTS HART WITH ASSAULT

Alvin Hart, who when arrested by local officers about December 17, was found to be carrying two guns was indicted by the Randall County Grand Jury before it adjourned last week. It is understood that the indictment charges him with assault.

His trial was set for the summer term of district court. He is being held in the Potter County jail.

One must have grace and dignity, says a fashion expert, to wear the new frocks effectively. Well, poise will be poise.

Janitors are doing their bit in aid of the fire prevention movement.

## GADSKI IN GERMAN OPERA

JOHANNA GADSKI

Johanna Gadski represents one of the most sensational "comebacks" in the history of opera. She returns to America with the Third American Tour of the German Grand Opera Company after a retirement of 12 years from the Metropolitan Opera Company.

Amarillo is the smallest city in the United States to secure the German Grand Opera on this tour. On Friday evening, February 6, "Die Walkure" will be presented followed by "The Flying Dutchman" at the matinee Saturday afternoon, February 7, and "Tristan und Isolde" Saturday evening.

Popular prices will prevail at the Municipal Auditorium in Amarillo, where the performances will be given, according to Wilbur C. Hawk, president of the Tri-State Fair Association, under whose auspices the production is brought to Amarillo. Seats are \$1.00 to \$5.00, with 10 per cent discount for all three performances. Reservations are coming in rapidly, Mr. Hawk states, and are being filled in order of their receipt.

## BUFFS TAKE MEASURE OF SIMMONS COWBOYS, 38-17

After holding the crowd of fans excited by a tight game of basketball for the first ten minutes of play, with the Cowboys of Simmons holding a lead at that time of 5-4, Coach "Sad" Sam Burton's lanky Buffalo Cagers proved that the Simmons crew was not so tough after all as the Herd left them holding the small end of a 38-17 score Saturday night at Buffalo Gym.

The game proved to have its thrills for the first several minutes and both teams were wary of any move they might make on the offensive side. Defense was the watchword of each team during that time. The affair promised to be the most evenly matched game of the season, with first one team in the lead and then the other, until the Buffaloes broke into a scoring stride and were leading 21-12 at the end of the first half.

Four minutes elapsed before either team scored a counter and it was Burk who looped the counter in the basket. Two more minutes passed before E. McCullum for Simmons retaliated with a counter. Another two minutes passed before the Buffaloes went to the front again with two more points.

In the next two minutes the Cowboys gained three points to get the lead of 5-4.

The Buffaloes then jumped to the lead with four more points, only to be followed by the Simmons boys who held a 11-8 lead for a few minutes. In the last five minutes of the first period the Buffaloes broke loose to run a nice lead and from that point until the end of the game the outcome was never in doubt.

The game Saturday night gave evidence of Burton's ability as a coach, as his green team was clicking like a seasoned bunch, although Fortenberry was apparently having an off night, the first seen at home so far this year, and Burk was suffering from an injured knee. Both men missed quite a few shots that would have been counters under ordinary circumstances.

The victory was a double one for the Thundering Herd as it proved to be the means of breaking a jinx which Simmons has held over the Buffaloes for several seasons.

The second half settled into a slow, well planned game of head-work, as well as athletic ability. The Buff defense was air tight as the best that Simmons was able to get past the stone wall of Brown and Clark, was two field goals. A fifth point in the second half was made by the free toss route.

The last portion of the game was a weary one for the spectators, as every move was well planned and well directed. The delayed offense of the Herd proved to be of superior quality in comparison to the Cowboys.

With the fast moving stride which the Buffaloes have been

moving since the first game of the season with Baylor indicate that they may bring home the title at the end of the season.

## DANGERS IN THE HOME

Figures compiled by one of the largest insurance companies show that accidents in and about homes cause 23,000 deaths and three million injuries in the United States every year. Of these deaths about 8,000 are caused by falls; 5,400 from burns, scalds and explosions; 3,000 from asphyxiation, and 2,000 from poisoning.

To avoid such accidents, the National Safety Council recommends the following precautions:

Have rugs on polished floors anchored or rubber lined.

Keep stairways properly lighted, free of objects on which one might stumble, with treads and hand rails in good repair.

Keep sharp instruments, such as scissors, ice-picks, pins and needles out of reach of young children.

Have all medicines, washing powders and other household articles containing poison properly labeled and kept in a safe place.

Keep all open fires screened, chimneys cleaned, and all heating apparatus in safe condition.

Never allow an automobile engine to run with the garage door closed.

Keep steps and sidewalks clear of snow and ice.

A child of any race or sect Should treat its parents with respect.

He should not slap his mother's face—Unless she fails to keep her place.—Akron Times.

A child of any American pair Should show regard to their gray hair.

And should in manner kind and meek Let 'm use the car one night a week.—Florida Times-Union.

A British scientist says the universe will some day explode. Al ready you can hear popplings in Chicago.

## Ritchie and McMurtry Add Two \$100 Scholarships to be Given To Student Practice-Teachers

Will Be Awarded in Intermediate and High School Departments Respectively; Become Effective at End of 1931 Spring Term.

Announcement was made by President J. A. Hill at the chapel assembly Saturday that two new \$100 scholarships have recently been added to the list of scholarships named in the college catalog, with prospects of a third being added sometime soon. The two mentioned have been made by Miss Jennie C. Ritchie, dean of the demonstration school, and Miss Florence McMurtry, instructor of high school education in the college, the first to go to the student doing the most commendable practice-teaching work in the intermediate grades of the training school, and the second to the students doing the most commendable work of this kind in the high school department.

There are at present ten scholarships and awards offered to students through the college, the two newly made making twelve in all. These scholarships will mean much to those students who are taking certificates in these departments. All practice teachers in either department are eligible. The scholarships become effective this year, and will be awarded with the others at the commencement exercises at the end of the spring quarter.

## KNOW TEXAS

Texas 1930 farm crops, exclusive of livestock, were valued at \$434,512,000 by the U. S. Department of Agriculture. The cotton crop represented \$332,872,000 of the total.

Texas consumes 800,000 tons of steel products annually. (Authority: Roy Miller, vice president Intracoastal Canal Association).

Texas shipped 2,575 cars of potatoes in 1929 and 5,269 cars in 1930.

Texas has more farms than any other state in the union—496,007 according to the 1930 census, a gain of 30,361 over 1920.

Keeping everlasting at it is a good policy, providing the task is a worthy one.

You have to be naturally addicted to honesty before there is any profit in it.

Men who observe the landing place before they anchor are the kind that stick.

There are more autos than locomotives, but this doesn't imply that the majority is always right.

If a man becomes a cynic, he may as well shoulder the responsibility, for its his.

The happiest men are the ones who always live up to the law and down to their incomes.

## Edwin Whitfield Returns After Long Illness

Canyon High School is glad to  
welcome Edwin back to their school.  
He has been out for quite a  
while on account of blood poisoning.  
Last year he caught his leg  
in a belt, breaking it in three  
places.

Just before the Christmas holi-  
days blood poisoning set in, and  
he was again sent to the hospital.

seek de other day. De doctor told  
him to take something so he vent  
down mit Ikey Coen and took his  
watch. Ikey got him arrested and  
got a lawyer. De lawyer took de  
case and vent home mit the works.  
Min brudder yust graduated from  
the cow college. He is a electrocy-  
tion engineer and stenographer. He  
got a job in an livery stable  
estenographer hay down to the  
horses. De other day he took our  
dog up to de saw mill. De dog  
got into a fight mit a saw and  
lasted only vun round. Ve haf a  
cat and three chickens. De chick-  
ens lays eggs and the cat lays by  
the radiator. De school vas cold  
de other day so ve coiled up the  
janitor and made it hot for him.  
I am making money fast. Yester-  
day I deposited a hundred dollars  
and today I vent down town and  
wrote myself a check for a hun-  
dred dollars and deposited it so  
now I have two hundred dollars.

Say, Sharpy, haf you found your  
liddle dog yet? If I see him I  
will say: "Run home liddle doggie,  
your poppie wants you." I can't  
think of nothing more to write.  
Hope dis finds you the same also.  
Yure most insincere friend,  
HOSEA FOSTER.

P. X. If you don't get better,  
rite and I will send anudder.  
Two times P. X.—I haf yust re-  
ceived de fife dollars dot I owe  
you, but haf closed dis letter and  
can't get it in.

Students at Knox College raised  
a fund of \$400 to maintain their  
baseball team. Is this the stitch  
in time that saved nine?

REAL ESTATE

## SENIORS

The regular meeting of the sen-  
ior class Thursday was strictly a  
business meeting.

Invitations and cards are to be  
ordered in less time than a week.  
The annual was discussed fur-  
ther. Pictures are being made now,  
and every picture must be in by  
the middle of February. Every class  
in high school is to help the sen-  
iors in selling the annual. Celebrity  
contest are to be entered in or-  
der to see which class can sell the  
most annuals. The favorite boy  
and girl from each class are to  
be elected. The Freshman and  
Sophomores are in one contest,  
and the Juniors and Seniors in an-  
other contest.

The annuals are sold for two dol-  
lars each. Every two dollars counts  
as two hundred votes toward the  
candidates. The class selling the  
most annuals wins in the celebrity  
contest.

## JUNIORS

The junior class met Thursday to  
elect new officers for the coming  
semester and to discuss the annual  
question.

Elizabeth "Bib" Jameson, a rep-  
resentative from the senior class,  
demonstrated how the annual could  
be arranged. The class voted to  
have a picture of each of its mem-  
bers in it.

Willard Middleton was elected  
president to take the place of Katie  
B. Lowe, the former president.  
There was not time to elect any  
more officers.

This semester the juniors of dear  
old Canyon High School wishes to  
make a class which has never  
been equalled or ever will be equal-  
led. With Willard Middleton as the  
president we can do almost  
anything that we come against. Mr.  
Middleton understands the duty of  
a class and knows what it ought  
to do, and this is one reason why  
the junior class of 1931 will stand  
out above all others to come.

## SOPHOMORES

Will they win? Well, that depends  
entirely upon how hard the Soph-  
omores work. A contest is being  
run off between the freshman and  
sophomores in order to see which  
class can sell the largest number  
of the seniors' Year Book; each  
sale counting two hundred votes.  
The winning class will be given  
space in the book for the pictures  
of their favorite boy and girl. The  
sophomore celebrities being Maxine  
Middleton and D. B. Pierson. The  
class also decided to have a page  
of snap-shots instead of a class  
history or prophecy.

After the business had finished  
Mr. Carruth gave a short, yet very  
interesting talk on "The Purpose of  
Class Meetings."

A backwoods mountaineer one  
day found a mirror which a tour-  
ist had lost.  
"Well, if it ain't my old dad," he  
said, as he looked in the mirror.  
"I never knowd he had his pitcher  
took."

He took the mirror home and  
stole into the attic to hide it. But  
his actions, didn't escape his sus-  
picious wife. That night while he  
slept she slipped up to the attic  
and found the mirror.

"Hum-um," she said, looking into  
it, "so that's the old hag he's been  
chasin'!" —Plate Makers Criterion.

You can very readily recognize a  
wise man by the things he doesn't  
say

## C. H. S. Faculty Organizes Five For Basketball

The faculty of C. H. S. has be-  
gun practice now to develop a  
crack team. They have overcome  
all opposition from the teams they  
have so far encountered.

The members of the team are:  
Coach Brady, Mr. Fox, Mr. Thomp-  
son, Mr. Caruth, Mr. Barker, and  
Mr. McDonald.

## CHAPEL

Wednesday afternoon the stu-  
dents of C. H. S. enjoyed a very  
interesting report given by Miss  
Mary Moss Richardson of her trip  
abroad. Among other things, she  
mentioned Europe's cities, vegeta-  
tion, rivers, money values and peo-  
ples.

From the long applauding which  
followed her talk one could easily  
tell that the students hope she  
will return in the near future.

## FRESHMEN

The Freshman class met Thurs-  
day and elected new officers for the  
second semester.

The new officers are: Virginia  
Burgan, president; Cecil Pike, vice-  
president; Clara Sanders, sec-treas.  
The question of the freshman  
part of the Senior's year book was  
discussed.

When the class adjourned the  
decision as to what they should  
put in was only partly decided.

## Freshman Party

A party given by Miss Weter's  
home room to Mr. Fox's home  
room was the result of several con-  
tests in which Mr. Fox's crew came  
out ahead of the followers of Miss  
Weter.

The party was held in the High  
School gymnasium where many  
interesting games were played. De-  
licious refreshments were served.

## STITCH AND GIGGLE CLUB

The Home Ec Club met for the  
first this semester.

The members elected Froline  
Bowman president, Maxine Middle-  
ton, vice-president, Dixie Foster,  
secretary, and Mary Lowien, treas-  
urer.

Mrs. Brady appointed a commit-  
tee to work on a club song.  
The girls definitely decided to  
give the training school a Valentine  
tea. Suggestions for refreshments  
and decorations were submitted  
tobe decided upon by the social  
committee.

## C. H. S. TALKIES

Last Wednesday night the C. H.  
S. Talkies held their monthly social  
meeting.

A one-act play "Tt the Top of  
the Brink" was given by George  
Gaede, Dale Bowman, Clark Ash,  
and Vincent Lockhart.

After the program the Debate  
Club met and practiced debates.

A British scientist says the uni-  
verse will some day explode. Al-  
ready you can hear poppings in  
Chicago.

Valentine tallies at Warwick's

**DR. H. G. GRAINGER**

## "EL CIRCULO CASTELLANO"

"El Circulo Castellano" chose the  
first meeting after mid-terms to  
elect new officers.

Anne Johnson was elected presi-  
dent; H. B. Owen, vice-president;  
George Brasel, secretary; and Ar-  
mor Lee Greenfield, reporter. Anne  
appointed Jessie McDonald as  
chairman of the program commit-  
tee. The club is expecting some  
good programs this quarter and  
they are sure they will have  
plenty of them.

Most of the period was used for  
business transactions; therefore the  
well planned program was not  
completed. George Goede and  
Lena Wade Jennings made inter-  
esting talks on Spain.

Our club takes this opportunity  
as a means of thanking the old  
officers for their good work.

## S. P. Q. R.

The S. P. Q. R. met Tuesday,  
January 20. The Club sang "Est  
Hiems." Io! Io, Omnes Adsunt."  
"Adsumus Quod", "Dominus" in  
Terra Calida." in Latin. During  
the rest of the period Kathryn  
Robinson told the Greek myth,  
"Psyche and Cupid." The Club  
was glad to welcome Edwin Whit-  
field back after his long illness.  
After the treasurer's report the  
Club adjourned.

## TYPE HIGH

The regular business meeting of  
the Press Club was held last Fri-  
day.

The errors of the first edition  
of the "Purple Page" were dis-  
cussed so that they might be cor-  
rected in the next edition.

Mr. Carruth talked on the "Pur-  
ple Page" as a project of the  
Press Club. He said that the stu-  
dents should select the branch of  
work which they intend to take  
up in later life and begin work  
on it now.

## "C" CLUB

Mr. J. D. Gamble, Jr., gave an  
interesting talk at the last meet-  
ing of the "C" Club on "Friend-  
ship."

He gave the four fundamentals  
of friendship, and emphasized the  
old saying that "a friend in need  
is a friend indeed."

Members of the club told jokes.

Two Swedes were walking on a  
railroad track when a train came  
along behind them. One of them  
was lucky enough to jump off the  
track in time; the other not be-  
ing so fortunate. The survivor told  
about it later:

"After I yump," he said, "I run  
a leetle vay, and then I go back  
to see 'bout Ole. Putty soon I see  
one of Ole's legs. Nex' ting I see  
Ole's head. Den I say, 'My God,  
something must 'a' happened to  
Ole!"

These are the days when a col-  
lege grad would just as soon have  
something else on his stomach than  
a fraternity key.

## Dimmitt Bobcats Take Both Eagle Teams to Defeat

Fighting for every score but to  
no avail, the Eagles fell before  
the onrush of the Dimmitt basket-  
eers with the score standing 18-21  
in favor of the Dimmitt quintet.

The Eagles declare that this was  
the fastest game in which they  
ever played. The Eagles led the  
Bobcats until the last quarter  
when their tall player found the  
basket and began dealing misery  
to the Eagle players. Dimmitt  
took advantage of their tall play-  
er's ability to play and forged on  
to victory.

J. L. Harden was high point  
man for Canyon. Taylor substitut-  
ed for Cate at guard.

The Canyon High girls' team  
were taken into Camp last Friday  
night by the Dimmitt girls. Dim-  
mitt's score was 47 to Canyon's  
21.

The Canyon team started off  
with Bowman and Jameson at  
guards, Lockwood and Miller at  
centers, Fowler and Saloman as  
forwards. Fowler was high point  
player for the Eagles.

Substitutions—Wiseman for Bow-  
man at guard. Bowman for Miller  
at center.

The center of the Canyon team  
played better than any other per-  
son on the team.

## SEVENTH GRADE POEM

To prove that we have talent dis-  
played in the lower grades, we are  
publishing here an original poem  
written by Roy Wilbur Phillips who  
is a seventh grade pupil.

"Winter Moon and Stars"  
See on the dark and gloomy winter  
nights.

The stars go wandering by;  
The Mother Moon up in the sky  
Leads all her children by,  
Trudging onward o'er the lonely  
heights.

Shining bright as diamonds in the  
sky  
Children of the silver globe,  
Each clad in an amber robe,  
Heed not the mother's sigh,  
While she leads them o'er the lone-  
ly sky.

Lady of the House: "What did  
the man at the door want, Mary?"  
Mary: "Dat man wanted to sell  
us a vacuum cleaner?"

Lady of the House: "And what  
did you tell him?"  
Mary: "I done told dat man we  
ain't got no vacuum."

During every day that passes  
there are several hours wasted by  
each student in school. Without a  
doubt the students do not real-  
ize just how much time is being  
wasted because only a few minutes  
at a time are spent in idleness.  
But by the time all the minutes  
are added together there is an  
hour or more gone. If one person  
who uses all his spare time in do-  
ing something worthwhile had all  
the time another person spends  
in play, what a lot the industrious  
person could accomplish!

The person who usefully spends  
his time is going to get some  
where in school now and some-  
where in the world later, but the  
person who works when he is made  
to and plays the rest of his time  
is not going to be as successful  
as he imagines.

To gain anything worth while  
it must be worked for. No stu-  
dent receives good grades without  
getting down and digging. One  
cannot get an education unless  
he works. No one can succeed in  
the business world without work-  
ing at the job. In business a per-  
son who never spends any spare  
time on the business he works at  
seldom gets a raise in salary or  
is advanced to a better paying  
job. Doubtless it is essential that  
at least a large part of one's spare  
time be spent usefully if there are  
any expectations of rising.

## PAINS AND HEADACHE

San Antonio,  
Texas—"I suffered  
with nervous  
pains and  
headache ever  
since I was  
thirteen years  
old. I read  
several letters  
in a booklet which  
Dr. Pierce sent  
me. I then  
bought a bottle of  
Dr. Pierce's Fa-  
vorite Prescription  
and it did me  
so much good that I bought several,  
and was completely relieved. I re-  
commend its use to all young girls."  
—Miss Kathleen Call, Route 4, Box

## Specify Accurately Graded Lumber

With graded lumber you KNOW that you  
are getting the best. There's no chance to go  
wrong . . . every possibility of error has been  
removed for you by inspectors whose duty it  
is to throw out every piece of inferior lumber.  
And graded lumber costs no more . . . in fact,  
it's cheaper than the other kind, considering  
the service it gives. We can serve you with  
all kinds of graded lumber.

## Burrow Lumber Co.

Yards at Happy, Slaton, Dalhart, Perryton,  
Canyon and Beaver, Oklahoma.

## Natural Gas Service and Just Natural Gas

If you could go to the corner grocery or out to  
a gas well, get a sackful of gas, pay cash for it and  
carry it home, you could buy a huge volume of it  
for 5 cents.

Of course, your gas sack would have to be large  
and it would have to be good and tight. That might  
add somewhat to the cost.

Just when you happened to need the gas, the  
weather might be unpleasant outside, too.

When you got your sack of gas home, you would  
have quite a merry time trying to get the gas fed  
into the burners of your stove.

It is then that you would realize that you had  
bought the wrong thing. You wanted GAS SER-  
VICE and you had bought just gas.

Gas without service is a vapor that cannot be  
handled by ordinary means. It is of little use to  
anyone.

Gas—WITH SERVICE—is a clean, efficient, re-  
liable fuel—ready to do your instant bidding when  
and where you want it.

It is GAS SERVICE, rather than just gas, that  
you buy, use and pay for.

We Invite YOUR Banking Business

First National Bank  
"Home of the Thrifty"  
CANYON, TEXAS

Well, no doubt you folks missed reading this thing last week. At least I missed writing it because I was busy and believe me I was sure busy. I got wind that the officials really had nothing on the fellows they had arrested and that they would be forced to turn them out.

You know folks, it won't do to let a bank robbery occur right under the very shadow of the court house and let the hold-up men get away. I knew someone needed to do some thinking and figuring. And because of that, I failed to cause you the trouble of reading this column, (if it is one), last week.

"Squeek" Stratton had all his clues busted into a few dozen pieces, so I didn't take time to mend any of his when I started out.

I figured that this crime must have a motive back of it and find that motive I must. Now I have learned it all and am ready to give it out.

The First National Bank was robbed for one purpose, and that purpose was to BUY THE FREEDOM OF A CRIMINAL! There is one man who is being held in a certain jail in the Panhandle on a charge of bank robbery. Remnants of his once powerful and fearless gang were rounded up in concentrated effort to obtain money for his release on bond and let him go his way. The main object was \$15,000. They needed that much cash to pay the lawyers, pay a cash bond and then let him have enough to hide out with.

We all realized from the very beginning that the job was pulled by professionals and knew the lay of the situation. Then if the men who I believe pulled the job, did it, they are professionals. I even believe I know their names.

Not only that, but my private detective who feeds me the leads for my clues predicted a robbery in

the Panhandle two weeks before the thing really happened and he predicted the reason for it at the same time.

Maybe this reads like a Sherlock Holmes story. Well, it isn't quite that, as I am still writing the Windbag and have no intention of taking up the profession of chasing down every bank robbery in this section. But to solve the mystery of a robbery a motive must always be found. Then you are making progress. That's me, "Reporter Snoop," a reproduction of "Lawyer Snoop" in everyday life.

And so by this time I hope we all are aware of the fact that we have a new governor. Despite the fact that we do have a new chief at the head of state affairs, I see no noticeable difference yet. I still have my daily bowl of soup and it seems like it is just as hard to beg myself to get out of bed on a cold morning as it was when we had the other governor. Actually folks predict on the weather just the same and cuss the government and congress just like we didn't have a new governor at all.

My old friend Farmer Hogfissel says that Ross Sterling was sworn in as governor last week but he has been sworn at many times since.

Susie, the dumb office steno, is so dumb that she thinks "Brilliant" is the name of an intelligent queen of some foreign nation.

The young squirt in the back shop says that there should be added to the list of the All-American Bull team the names of Floyd Gibbons, coach, and that of Clara Bow, queen.

Spring is here. A sign that never fails. Boys blocking the sidewalks playing marbles. Hoot Mon!

Bill Bryant was sure hot and bothered early Saturday morning. Bill says "that nothing gets next to him like getting up early on a cold morning and walking out to the garage only to find that all his tires are o. k. with the exception of the bottom side of one or two of them.

The idea of getting the farmers to come to Canyon and manage a few of the stores on Trades Day was fine and no doubt the farmers were able to catch a few ideas and can tell the merchants how they may operate their businesses to a better advantage in serving the rural people of the county.

Personally, I don't need a Trades Day to gain such information. My mother-in-law tells me how I should run my affairs every once

in a while.

Then too, it would be a good idea for such favors to be returned. Some day next summer when the wheat harvest is in full swing it will be nice for the farmers to invite the business men of Canyon to go out and be their working managers for a day or so.

## Tierra Blanca Echoes

The Sunday school has just recently elected new officers and teachers for the following quarter. Mr. Jewel Jones was elected superintendent, Crews Henry, sec-treas., and Lonnie Byars song leader. We cordially invite everyone to come every Sunday at 10:30.

Mr. and Mrs. L. C. Ruthardt have returned from Oklahoma, where they were called to the bedside of a sick relative.

Mr. Herman Hand made a business trip to Clayton, New Mexico, last week.

Misses Bennie Mae Williams, Hazel Raper, and Frances Woodruff of Canyon were visitors at Sunday school Sunday.

Mr. Jewel Jones made a business trip to Dumas Friday.

Mr. Ruel Wood spent several days in Silverton last week and his sister, Mrs. Tom Crawford returned home with him for the week end.

Miss Louise Holgate was Mrs. A. E. Tauchet's guest Saturday evening.

Misses Sybil and Jean Matchen were week end guests of Mr. and Mrs. Henry Prichards.

Mr. and Mrs. Williams spent a couple of days with relatives in Plainview.

## Lakeside News

Mr. and Mrs. M. E. Rhodes visited in the C. W. Stallings home Sunday.

Mr. and Mrs. Fred Fegel were in Canyon Saturday on business.

J. M. Anderson and children visited in Amarillo Saturday.

Mr. and Mrs. A. J. Ford and children made a business trip to Canyon Saturday.

Mr. and Mrs. Kirkpatrick visited the L. T. Campbell home Friday night.

Nine Metropolitan opera singers were laid up with influenza and the witty headline writer captioned the story: "Songbirds Have Flu."

A judge suggests that the unemployed be given a chance to serve on juries. It's worth a trial, at least.

Motto of the conservative investor: "Gentlemen prefer bonds."

## Wayside Items.

Judge Matthews and Commissioner Scoggins of Claude visited the school Wednesday.

M. L. McGee and Mr. Littlefield made a business trip to Claude Monday.

Rev. J. R. Plant filled his regular appointment Sunday morning, and at night, Mrs. Plant and Jack, Jr., have been away visiting her sick sister for some time.

Rev. Plant will be with us the afternoon of February 11th from 1 until 4 p. m. in the study of "Methodism and Kingdom Extension". Everybody has a cordial invitation to be with us.

Mrs. Joe Smith visited with the Methodist Church Sunday night.

Born to Mr. and Mrs. R. L. Grigsby in Dallas, Texas, a little daughter, January 20th, 1931. Annie Elizabeth 7 1-2 pounds. Congratulations, neighbors!

To Ralph and Ruth Childers a little daughter on January 19, 1931. Mrs. Elma Franklin visited them Friday.

Wm. Payne, of Dalhart came Thursday and bought 100 bushels of corn and divided it between his brother J. C., and W. J. Studer, and returned Friday.

Albert Stockett and wife brought his parents who have been visiting him some time to W. R. Stocketts on the 23rd of this month.

Ferris Pounds is assisting in putting up goals on the school grounds for the basketball team.

Floyd B. Adams and wife attended by Mrs. Bessie Lane and Mrs. Edith Harrold motored to Canyon Saturday to view "The Southern League" pictures now on display in Canyon.

Dinner guests of Mrs. W. C. McGee Sunday last were W. I. Lane and wife, J. E. McGee and wife, Henry Harrold and family, J. C. Payne and family, Miss Cornelia Knox, Miss Douglas, and Aileen McGee at home for the week end. An excellent dinner, much enjoyed by all present.

Literary Society organized Friday night with J. E. McGee, president, Mrs. Bertha Payne, vice-

president, Mrs. Harrold, sec-treas., Mrs. Ethel May Gillham, asst-sec. Mrs. Bessie Lane, Editor of Literary paper. Program committee, Mrs. Floyd Adams, Mrs. Bertha Payne, Hal Hartick. The Society meets twice a month.

Friends of Troy Counterman may be interested to learn he has joined the Army. He would enjoy letters from friends in Texas. His address is Private Troy W. Counterman, Second Cavalry, Troop E. Fort Riley, Kansas.

Aunt Annie Wesley is still quite sick at Uncle Henry Wesley's. There may be some improvement. Friends and relatives are quite anxious about her condition.

Next Saturday night and Sunday Rev. J. A. Lindley will preach. On Saturday night he will start a series of three lectures based on the book "All the World in all the World". This book deals with missions as taught in the Bible. Everyone is cordially invited to attend the services.

Many a bootlegger thinks his credit is good because of his liquid assets.

## Seventy W. T. Girls Make Good Record In Fall Quarter

Believing that too much time is spent in talking about those students who do poor work, and not enough about those whose work is above average, Miss Edna Graham, dean of Women, has recently made a survey of all the girls in W. T. who made a "B" or better than "B" average during the past fall quarter.

In doing this she has found that seventy girls, or almost ten per cent of the total college enrollment made "B" and above "B" records. Due to a lack of student activity points many of these girls did not get on the Honor Roll, although they had as much as eighteen grade points. Eight of the seventy girls are freshmen.

Each of the entire group is receiving a letter of commendation

## Twelve Students Appear in Music Recital Friday

Under the direction of Wallace R. Clark, the first student music recital of the quarter was held in the auditorium of the Education Building at 12:45 o'clock Friday. Twelve students recited, representing the departments of voice, piano, and violin.

The pieces presented were as follows: Two preludes, Chopin; "Prelude in G Minor," Rachmaninoff; "Etude in a Flat," Wollenhaupt; "To Spring," Greig; "Sylvia," (song), Speaks; "Duna" (song), McGill; "Toy Soldier March" Krekier, (violin); "Romanza," Simonetta; "Nocturne," from Miss Graham, thanking them for the high standard they are setting up, and helping to maintain.

## Let Us Repair Your Jewelry

Don't let a piece of jewelry lie useless because it is in need of some minor repair.

If you need to know what time it is, don't look at your watch and wonder. Let us keep it in repair, so you will KNOW what time it is.

Repair work quickly and expertly done.

The Reliable Jeweler

# THE STORY OF 1930

During 1930 approximately 550,000 new customers were added to the number receiving electric service from the light and power companies of the United States. At the same time the twenty million domestic customers already on their lines increased their average consumption from 500 kilowatt-hours a year to 550 kilowatt-hours.

To maintain its quality service, meet this increased demand from small domestic consumers, and carry out a carefully planned, long-time program of expansion, the light and power industry spent approximately eight hundred and fifty million dollars on new construction, extensions and improvements.

This was its response to the so-called "period of depression" and its response to the plea of the President that American industry do everything in its power to accelerate activities in order to meet the unemployment situation. It is a record of progress and a declaration of confidence in the future of the country and of the electric light and power companies that serve it.

## W. H. Upchurch Delivers Address on Co-operation at Annual Meeting of Panhandle Commercial Secretaries

An address, which received the unanimous approval of the entire audience was given by County Agent W. H. Upchurch at the annual meeting of the Panhandle Secretaries and County Agents held in Amarillo on Saturday, January 24. His subject was "Co-operation of County Agents and Commercial Secretaries."

Many points in the subject which were brought out in his talk, proved to be of much interest in general. The address given in full is as follows:

"Why I should be chosen to handle so big a subject is beyond me. I know something of my own weakness. I know some of the things that I cannot do. One of them is to make the kind of a speech that should be made on this subject. I know very little about the purpose of the Panhandle secretaries association. So the best that I can do is to give you some of my personal impressions, opinions and experiences."

"The assistance that the secretary might give the county agent in the matter of his daily routine duties and holding his job is not nearly so important as is the assistance that might be given him in rendering worth-while service to the community."

"A commercial secretary, as I understand the work is interested in the permanent prosperity of his town and is employed as a service agent to assist the business men of his town in the solution of problems that effect them as a whole."

"The county agent, as I understand the work is interested in the well-being and prosperity of the farmers of his county individually and collectively. He is employed as a service agent to assist the farmers in the solution of many problems where his training might be of service to them."

"In so far as the things that contribute to the prosperity of the two groups are identical, to that extent at least the work of the secretary and the county agent is very similar. To an ever increasing extent the things that promote prosperity on the farms of a community also make for good times in town."

"Both the county agent and the commercial secretary must stand or fall on his ability to be of service to his group or to the community as a whole."

"In spite of the fact that much of the work is similar I do not believe in the doctrine that it is often practical for a good county agent to do the work of a commercial secretary or for a good secretary to do the county agent's work, because of the difference in technical training required for the two lines of work and because of the difference in viewpoints of the two groups. There are a great many projects of interest to both farmers and commercial organizations that might be carried on co-operatively between the county agent and the secretary. There is also a broad field for the commercial secretary to assist the county agent in which the agent has little to give the secretary in return, except as he may contribute to the general prosperity of the community as a whole by and through the increased earning power of the farmers with whom he works."

"The interests of the small town business man and his farmer neighbor is more nearly the same now than ever before. The invasion of the chain store idea in business was followed by the syndicate farm. It seems to us at this time that the results of the two are likely to be very much the same so far as the small town is concerned when we consider what is happening to the rural school, the rural church and even the rural home because of the radical changes now taking place. We might continue to give personal opinions or prophecies along this line, but they would have little value."

"Regardless of what the county agents can do in the Panhandle—for the Panhandle or to the Panhandle, the good that may come of his efforts can be multiplied many times by the earnest co-operation of commercial workers. This assistance may be given along three major lines. First—Financial assistance. Second—Service help, and third and greatest—Moral support. Financial assistance may be given where the agent has no funds for putting into effect some of the provisions of his program. How many Chamber of Commerce secretaries would accept a job where the entire budget was just the amount of his salary? This is just about the status of most county agents in counties that do not have a good Chamber of Commerce to help out on the many projects that require financing. The county agent

without outside financial assistance must develop his program by the force of his own personality. He might organize and conduct a good pig club among the boys of a community if he happens to be a natural leader of boys. Yet how much better is the pig club where he is able to offer some prizes to the boys for competition. The county agent who finances a few projects from his own salary and is forced to go into a huddle with his banker each month regarding an overdraft cannot put much enthusiasm into the offering of cash prizes during the next month."

"Assistance that may be given the county agent in matters where finances are not the chief consideration are no less important. In the matter of making surveys or in any county-wide campaigns. In the matter of promoting rural-mail delivery routes, rural telephone lines, power lines or in the promotion of any new industry designed to aid the farmers of the community."

"In the matter of moral support, I think that no group of workers could ask for better co-operation than that now being given us by the secretaries of the Panhandle."

"The Canyon Chamber of Commerce, which by the way, is a small organization with a big program and little money having a heavy load to carry in connection with school activities, is at this time co-operating with the county agent along all three of these lines of work."

**Handle Own Drouth Relief**  
"When the drouth relief freight rate question came up early last fall the Canyon Chamber of Commerce in conference with the county agent decided that we would handle our own drouth relief. An example of this might be cited in the work of furnishing the county agent with a revolving fund for the purchase of desirable planting seed. This work really started three years ago when the Chamber of Commerce furnished the county agent with a small fund for the purchase of a limited quantity of certified seed for demonstration purposes. The project proved so successful that the amount was increased last year. This year the project came to be of considerable importance because of the scarcity of desirable seed. So far this year we have bought 18,000 pounds of state certified grain sorghum seed to be resold to farmers around Canyon at a cost price made possible only by the purchase of a considerable quantity of seed from each grower direct. Over \$700 will be required for this project alone this year. About 6,000 acres will be planted with this seed this year that would

otherwise have been planted with ordinary field run seed. Fields planted with state certified grain sorghum seed, produced under the present rules of the state board, ordinarily yield from 5 to 15 bushels more per acre besides supplying plenty of second year seed for general planting of feed crops. The value of this project to the community could hardly be estimated. It could not have been put over without the co-operation of the Chamber of Commerce. The Canyon Chamber of Commerce is active also in assisting the county agent whenever called upon to make surveys or to promote anything on the county agents program where unselfish and hard work is necessary, and the work cannot be done by the agent alone."

"We are all human and make mistakes. Often times in our zeal to do our own little job in a big way we forget to base our efforts on unselfish service. The Chamber of Commerce secretary who promotes a trades day or other special farmers day for this town with the sole object of coaxing a few dollars from the farmers' pockets and in turn makes no contribution to the prosperity or well being of the same farmers soon learns that the farmers have lost interest in him and his organization. On the other hand the county agent who interferes in any way with business and does not make a contribution to the general prosperity of the community in so doing soon finds that the business men have lost interest in his program and the farmers have forgotten his efforts to be of service to them."

"Many other lines of work might be suggested in which the county agent and the secretary working together might accomplish much more than both working alone. Suppose there is a small town in the Panhandle (name and address furnished upon request) where at least 300 pounds of butter substitute are being sold each week. Suppose the chamber of commerce or the business men of that town should say to the farmers: We will all quit handling or selling this monkey feed and soap grease for human food and buy the farmer's butter until the price of butterfat goes up to 35c per pound. Suppose this 300 pounds of butter or its fat equivalent was bought from 15 farms, each furnishing 20 pounds per week. This income would pay the grocery bills for 15 homes until conditions improve."

This is a small thing you say. Yes—but how quickly would even this small income change the morale of 15 farm homes in the community and start prosperity to peaking around the corner where we would have a chance to have a look at her face instead of getting a crick in our necks trying to peek around the corner where she is supposed to be located."

"Suppose this should be repeated in all the towns in the Panhandle. The surplus of butterfat would disappear over night and with it our state of mind regarding some other so-called surpluses and before we knew it we would be hollering our heads off about an acute shortage of something or other and perhaps wanting congress to do something about it. Seriously—we have been watching the accumulation of a surplus of dairy products in the Panhandle and have watched our dairy development program come to a halt while literally tons of monkey feed have been sold at a price of about the same as good butterfat has been selling for. Could not the commercial interest and the farmers of the Panhandle make common cause of—well let us say an educational campaign to stop the sale and use of this stuff. There is a merchant in Canyon who does not sell butter substitutes. He has a good trade. The law does not compel him to sell it."

Would a campaign of this kind not serve to bind together the two groups who are trying to build a greater Panhandle. Hard times are knocking at the door of many farmers who are selling butterfat at 20c a pound. Hard times are also knocking at the door of the working man in town who is buying his children butter substitute at 20c per pound. What is the matter? Could we not do a little farm relief right here at home? Could we not show the world that in the Texas Panhandle there lives a class of people who know how to get out of a hole the quicker by pulling together."

"Let me close with this: "More business in agriculture, more agriculture in business, more business in politics and less agriculture in politics we hope will in the next few years go far toward the solution of the great farm problem of which we know so little and talk so much."

**UNDERGOES OPERATION**  
Miss Julia Shakkelford, who has been teaching in the schools at Pampa this year, underwent a major operation at the Hubbard Hospital in Oklahoma City Monday morning. At the last reports she was resting nicely.

Miss Shakkelford is the daughter of Mr. and Mrs. W. G. Shakkelford of Canyon.

It is reported that Mrs. David Thomas, who has been ill for several days is greatly improved and is able to be out of bed.

## Court Ends

(Continued from first page)  
returned by the Grand Jury while in session.

E. T. Alexander and M. Hollough were each given a 5 year suspended sentence when found guilty on a charge of saddle theft. Jimmie Slade was sentenced to 60 days in jail when found guilty of a charge of driving a car while intoxicated.

S. K. Robertson was sentenced to one year in the state penitentiary when found guilty on a liquor charge. S. A. Harris and J. R. Schwartz, were tried on a liquor charge and although given separate trials both were sentenced 3 years in the penitentiary. Notice of appeal was filed by their attorneys.

## Novel Feature is Conducted With Farmer-Managers

Much interest was shown in the farmer-manager idea for retail stores in Canyon, Monday on the regular monthly Trades Day of the Chamber of Commerce.

Only a fair sized crowd was present, but merchants who sponsored the farmer-manager plan stated that they had a number of visitors in their stores to see what manner of success the new "managers" were enjoying.

There was a revelation, that prices in Canyon are being lowered to the same level of other cities and towns and that the quality of merchandise is up to standard, made as a result of the co-operative movement.

Secretary L. N. George states that he appreciates the co-operation of the merchants in the movement of Trades Day.

Trades Day next month will be on Monday, the 23rd.

## WILL SHOW FREE SCIENCE PICTURES AT COLLEGE

At the Auditorium of the Education Building tonight there will be shown a visual education picture show dealing with the accomplishments of science. The reel is brought to Canyon primarily for the benefit of students of the high school department of the college, but the public is invited to come to the picture if interested.

## STERLING SENDS NAMES FOR REGENTS TO SENATE

Governor Ross S. Sterling, Monday sent the names for appointments to places on the board of regents for the State Teachers Colleges to the Senate for confirmation.

The names sent were: Thomas S. Ball, Houston; Henry S. Paulus, Yukon; and John E. Hill, Amarillo.

## CAR TRANSFERS

W. L. Vaughn, new Chevrolet coach.

W. E. Whitfield, new Ford.

L. B. Rogers, new Chevrolet sedan.

## PUBLIC SALE

## CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices. All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion. Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and, if essential, when and why.
